NITRO-GLYCERINE HORROR -F. A. Mc-Lain, shooter, to the employ of the Roberts Torped Company, was driving along the road near Aiken, 15 miles sou heast of Bedford, having in his sleigh 200 pour ds of titro glyce. rine, when the horses shied and dished the vehicle against a large rock at the side of the road, causing an explosion of the compound. McLain was the only occupant of the sleigh. and his body was toro into fragments. The largest piece of his remains found was a portion of the spine and neck, with the lungs attached, which was picked up eighteen rode from the so-ue. Some muscl's and intestines were discovered in a tail time, which had to be cur down. His fice was picked up some distance It recembled a mask, having been taken off as with a knife drawn under the chin and back of the care. All the remains found were easily placed in an ordinary cond's box. The explosion was very heavy, eausing the earth to tremule at d tearing a great hole in the trezen bed of the highway. Both horses had their hisder par's brown off and the balance of the carcasses were thrown forward eighty feet. The only recognizable part of the sleigh found was a section of the to ... no one and a balf feet long. MeL.in, the victim of the explosion, was aged 25 years, and had been enroged in hand ing goo rine for a number of years.

ALEXANDRIA GAZETTE.

-1881--

The ALEXANDRIA GAZETTE, begun in 1759, is the oldest newspaper in the State, and the only daily published in Northern Virginia. It has survived, with few exceptions, all the public presses in America which saw with it the dawn of the nineteenth century. It lives, too, not in decay, but full of life and vigor, giving all the news, telling the truth without fear, favor or affection, trenching on the privacy of no man's home, but full to the brim with all public information, and giving daily honest judgments of public men and public measures.

It furnishes the news telegrams of the New York Associated Press and of Reuter's European agency, being, with but three exceptions, the only paper between Baltimore and Richmond that is thus connected with the great fountains of the

With the coming year all the long tried as d improved methods of making a standard newspaper will be continued, with such additional facilities as past experience justifies the proprietor in believing will add to the capacity of the Gazette to serve its readers It expects to render faithful service to the city, the state and the country by a candid criticism of men and events in the interest of the people of the Commonwealth of Virginia.

To meet all the demands upon it, the Gazette will be made a WASHINGTON and RICH-MOND NEWSPAPER, as well as an ALEX-ANDRIA JOURNAL. The Richmond and Washington news of past years has left little to improve, but yet greater effort will be made to in sure absolute perfection in these departments,

The city of Alexandria will find as usual its daily history in each evening's issue, and the intelligence of that section of the Commonwealth which nature has bound to Alexandria by the curvature of its mountains or the courses of its rivers as well as that portion linked to us by the iron bands of railways, will be assiduously

The Business and Commercial columns of the Gazette will be filled with the earliest and most exact commercial news, edited with such painstaking care as will render an error, where even slight errors are dangerous, impossible.

The Cattle Markets of all the leading points of the world whose rates affect this market will be quoted, and regular statements of the Baltimore Georgetown, Washington and Alexandria sales

The Flour, Grain and Produce movements will be noted daily, and the sales of the Alexandris and neighboring markets given with accuracy and dispatch. The Grocery and other markets will receive constant attention, and the money or stock markets of the country epitomized for its columns, full details being given to all stocks, &c., which find investors in this section of the country.

The advertising columns of the Gazette offer inducements which experience has shown to afford greater returns for a small investment than any other which can be made.
